COMMENTS:

Darry Green submitted an Untimely Wavier Request for failing to file his 2018 Amendment timely. Mr. Green stated he normally would fax his disclosures from the Bastrop City Hall Office. However, due to a Covid 19 exposed at City Hall, the building had been closed down and his only option was to mail the amendment. As not to risk exposure to himself and his family, he decided to mail his disclosure (amendment) for the first time by regular USPS Mail. He stated that at the beginning of the Covid-19 Pandemic everything including his mail services "was off track". He "doesn't not think it is fair to be penalized from the actions of the pandemic". He stated his brother passed away on August 8, 2020 and the \$1500 fine he had to pay during the March 20, 2021 Election Qualifying Period to remain the Bastrop/Morehouse/District D-Alderman has put a financial strain on him and family. He is "begging" that BOE reimburse his payment of \$1500.

This is Mr. Green first late filing and first late fee assessment.

To Whom This May Concern

Today I will like to submit an Untimely Wavler Request and I will have evidence supporting my request. The Louisiana Board Of Ethic sent out a certified letter that I picked up from my local post service on 03/18/2020. Normally I fax all my documents from the City Of Bastrop office, but during this time a city worker was exposed to COVID 19. The employee came from a covention in New Orlean around 3/19/2020, with possibly been exposed. Therefore the mayor secretary informed me that it would be wise to mail the document off, because the current situation and the fact that she had to go get a COVID 19 test. Later it was confirmed that the employe tested positive. Being this was my first and only time mailing off my documents, therefore I wasn't aware per the Louisiana Boad Of Ethic policy to mail the document off certified through the local post sevice.

The City Of Bastrop is roughly around 10000 population, therefore the talk about a possible COVID Individual sent our small town in an uproar. Also around this time I was trying to limit my family and I outside interaction, so I was trying to stay in the house as much as possible and limit face to face encounters. After I knew how vital it was to go to the post service to pick up my document, I didn't feel it was a wise desicison to go back and risk the chance of bring back

that deadly disease to my family therefore i figured mailing the document off would be the safest thing to do. Since i was elected I always faxed off my documents, becasue the fax machine will print off a report showing proof the documents was faxed. This pandemic we are facing is something I never witnessed before and I don't think it's fair for me to be penalized for looking out for my family and I best interest.

After I faxed off my 2019 report In July, I received a notice in September of 2020 in regards to my document not received on time. Honestly I lost my brother August, 8 2020 and I wasn't mentally understanding the report Ashley was referring to until January of this year. Like I stated previous, I always faxed my document in a timely matter. In July I employed with Morehouse Council Of Aging(Senior Citizen Service), so i had a safe access way to fax off my documents. On 1/21/2021 I had to pay \$1500.00 in order to keep my seat as City Alderman in Bastrop La, and I made the commitment to serve my community to the best of my ability. Hence this put my family and I in a financial bind, and being that I went unopposed I couldnt let down my community. The begining of 2020 Covid had everything off track including the mail service, I don't think it's fair for me to be penalized from the action of this pandemic. On 1/27/2021 I'm begging that my untimely wavier be granted and I can received a refund back.

Thanks

Darry D Green Jr
